

SNK will show up at EMO Hannover 2023

We will be exhibiting at EMO Hannover, which will be held for the first time in four years. The theme of this year's EMO is "Innovate Manufacturing", and we hope to present our innovation through the sample piece exhibition. We sincerely look forward to seeing you at our booth.

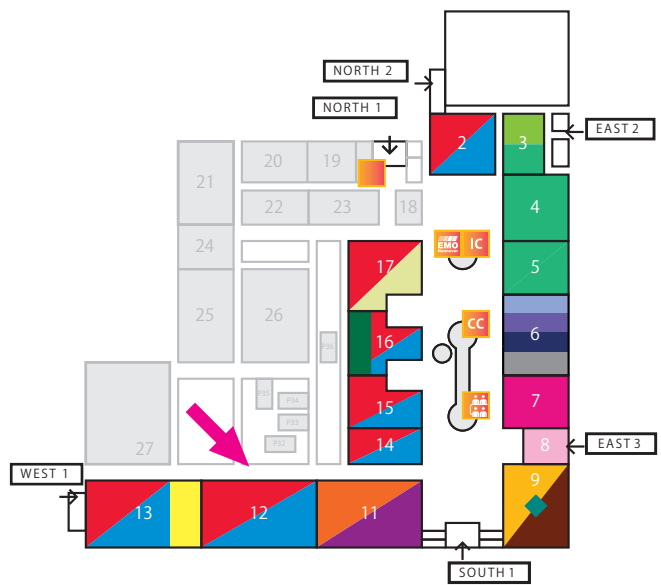

The exhibition outline	Name: EMO Hannover 2023
	Duration: 2023 / 9 / 18 (Mon.) ~ 9 / 23 (Sat.) 9:00 AM ~ 6:00 PM
	Vennue: Hannover Exhibition Grounds of Deutsche Messe (Hall2 ~ Hall17)
	Organizer: Verein Deutscher Werkzeugmaschinenfabriken e.V. (VDW)

Initiatives to produce the highest quality automotive dies & molds

We will exhibit side panel molds machined by the DC-5NL, the masterpiece of die and mold milling machine equipped with linear drive. Please come and see the highest quality molds produced by SNK's mold machining technology, which has been developed through years of experience and achievements.

Aluminum, Titanium, CFRP, etc. Variety of machines optimized for various materials

SNK has a full lineup of machines that can respond to the diversification of materials used in the aerospace industry. We understand the characteristics of various materials and offer machines that can machine them with high-efficiency and high-quality.

Our booth location : Hall 12 - B68
